## 0 DAY WITHOUT TRAFFIC DEATH

## Robber Richer than Victim — Turns Down 60-Cent Loot

A lone bandit, his hand in his coat pocket as if holding a gun, walked into the Mathis Repair Service, 1300 State street, Madison, at 9:20 a.m. Friday, and confronted Neah Cantrell, an employee.

"I came for what you got," the bandit said.

"I don't know what you mean," replied Cantrell, who lives at 1640 East 23rd street.

"I mean what money you got," remarked the robber.

Cantrell pulled open a cash drawer containing about 60 cents in change and invited the robber to take it.

"You got a billfold or some money on you?" the robber asked.

"I haven't got a dime," Cantrell replied.

"Heck, man, you're worse off than I am," the bandit remarked.

He walked out the door without taking the 60 cents.

He got into a car parked directly across the street from the repair shop and occupied by two other men, and drove south on State street. Madison and Venice police are seeking the men.

City Budget Gets First Review; Pay Boosts Pending

The budget — building session of the Granite City council ran for 3½ hours Friday night with the total amount for 1966-67 still to be determined and no conclusion reached on pay increases for city employees.

It is possible another budget meeting may be called before the council's next regular session on June 20. Present tentative figures indicate last year's \$1,500,000 budget will be topped.

The biggest change so far is an allocation of \$183,095 for special projects, such as street work and sidewalks to be carried out with city funds. Last year, the total cost of such projects was \$48,281.

Still hanging fire—along with the amount to be set up for pay increases—are three sections of the budget on which no action was taken because the committee chairmen were absent, and the contingency fund, which includes reserve allocations.

There was disagreement over a \$300-a-month allowance for the mayor.

Council members also again refused to include funds for employment of a traffic engineer for the fiscal year, even though the Citizens' committee agreed to hold to last year's \$4000 figure instead of the new request for \$8000 to expand the study.

Held for Chairman Reports  
The budget sections held in abeyance were the street department, which last year spent \$236,455 for regular work and \$86,612 for arterial street maintenance; the public library, which last year spent \$88,886 and this year is seeking \$114,455; the city hall, which last year spent \$38,865 last year and is listed for \$32,105 this year; a \$6000 item for city planning, and the \$20,000 for the city auditor.

Alderman Sternberg, chairman of the street committee, Moerher, chairman of the library board, and Bartoski, chairman of the City Buildings committee, were absent.

The city's budget for 1965-66 amounted to \$1,951,698 and was up \$28,886. It included \$45,000 for pay increases.

At the outset of the meeting, Alderman Rutledge, chairman of the Finance committee, reminded council members that \$183,000 of the city's reserve funds were spent in 1965-66 and that this year's reserve would be down \$278,000 because of recently imposed tax rate limitations.

If we go for a lot of special projects, we'll eat up those reserve funds real fast," he added.

At the end of the fiscal year last April 30, the city had reserves of \$300,374 in the sales tax fund, \$235,868 in parking meters and \$27,916 in a special fund. The fiscal year's disbursements totaled \$1,731,532.

Firmness to be added  
No consideration was given to the city's "wisdom" portrayed by Sally Maeras.

Miss Fricker, 19, is a 1965 GCHS graduate and would like to further her education at St. Joseph's Hospital School of Nursing. Her talent presentation will be a speech on nursing while on a balance beam.

In school she was a member of the Latin Club, the Tri-Hi-Y Club, was brown hair, blue eyes and a fair complexion and has measurements of 34-22-34½.

Miss Straka, 18, is a 1965 GCHS graduate and would like to attend a nurse school or college. She has special training in piano and speech. She plans to continue her education at EIU where she is a member of Delta Zeta Sorority, the National Honor Society and Phi Kappa Theta.

At the university she has participated in many plays and speech activities and is a member of Purple and Scarlet.

She is 5 feet, 6 inches tall, weighs 120 pounds, has hazel eyes and a dark brown complexion and has measurements of 34-22-34½.

Miss Straka, 22, is a 1961 GCHS graduate and is a graduating senior at Eastern Illinois University where she is majoring in theater and arts and speech and minoring in English. ## Heavy Demo Voting Expected Tuesday In Quad-City Area

### P-R to Compile Election Returns

The Press-Record news staff will compile results of tomorrow's primary vote. The election will be open from 8:30 until midnight to relay information to interested persons.

Several Press-Record newsmen will be in the compilation of county and district totals.

The determination of trends is expected to be late because of the changes in district boundaries.

### Seven Persons Hurt In Boating Accident

Seven persons were injured in a boat accident about 3:50 p.m. Sunday at Horseshoe Lake and were taken by ambulance to Christian Weifare Hospital, East St. Louis.

Injured were Robert Sorenson, 1105 McCambridge avenue, Madison; operator of the boat, his wife, Mrs. Patricia Sorenson; their son, Bobby, eight; Jesse Norman, 1919 Fifth street, Madison; his wife, Mrs. Jennie Norman; and their children, Chris, nine, and Sharon, 12.

The Madison county sheriff's office said Sorenson was making a turn to enter the approach channel to the dock at the Rod & Gun Club at high rate of speed and crashed half-way up a rock bank. The hull of the boat was sheared and the steering wheel and windshield were broken.

At this year's primary, some different Democratic ballots and seven different Republican ballots will be used in the various districts throughout the county. In addition, the clerk's office has distributed a separate ballot, to be filled out by voters of the county, for election of three members of the seven-man county board of school trustees, two of them to full six-year terms and one to a two-year unexpired term.

White, Pink and Blue  
The school board ballot will be white, Miss Hitz said, while all seven Democratic ballots will be pink and all Republican ballots, blue.

Voters in the Quad-City area will cast their ballots in 32 Granite City precincts, eleven Venice township precincts, in two of the four Chouteau township precincts and six of the seven Nampole precincts.

The total county voter registration now is 112,808 with registration in the Quad-Cities totaling 32,868.

Election officials and political leaders were reluctant to make any predictions of the vote in tomorrow's primary since the Democratic balloting is expected to be heavy in the Quad-City and Alton areas and the Republican voting in the normally Republican areas.

area, was taken to the hospital by Venice police. He said two persons were in the red and white auto, a 1955 to 1957 model, which had struck him. His wrist was bleeding when he was picked up by police.

Two passengers complained of pains after an auto in which they were riding, driven by Thomas K. Heck, 2657 Center street, was struck in the rear by another driven by John S. Jackson, East St. Louis, at 9:35 p.m. Sunday at East 20th street and Edwardsville road.

The injured are Cecilia Heck, 42, of 2657 Center street, and Laura E. Williams, 66, of 2139 Orville avenue. Jackson was charged with following too closely and was summoned for a hearing by June 29.

### Two Hurt in Venice

An accident in which two men were injured splintered a utility pole at 4:40 p.m. Sunday, dislodged wiring which fell across the County road and tied up both of Venice's police cars for six hours to direct traffic.

The accident occurred at the Merchants Highway when a car driven by Edward Cooper, 21, St. Louis, went out of control and crashed into a utility pole. The car was demolished.

Cooper and a passenger, Bernard Long, 21, of 607 Mercedita street, Venice, were taken to St. Elizabeth Hospital where Cooper was treated for back injuries and Long for internal injuries. Venice police said they notified the telephone company about the downed wires. A crew began working at 7:30 p.m. and reported an hour and a half later that the wires belonged to Western Union and that a work crew was not available until 6 a.m. today.

A crew was working on the wires this morning. Police cars remained at opposite ends of the accident scene at Broadway and at Bissell street, detouring traffic away from the wires. Barricades were erected at 10:30 p.m.

A Belleville man, Frank Ryan, suffered shoulder injuries about 6 p.m. Friday in a traffic accident at Routes 111 and 35. He was taken by local ambulance to Belleville Memorial Hospital. Details of the accident were not available.

### Bicyclist, 7, Hurt

A young bicyclist, Robert Elmore, 7, of 2601 Kirkpatrick Homes, suffered minor injuries Friday evening when he rode his bicycle into the side of a moving car at the housing project.

The driver gave the boy's mother a name and Missouri address, which proved to be fictitious. However, a resident in the 4200 block of the project, who had seen the accident, gave police the auto license number which he had jotted down on a calendar in his apartment.

Police who were notified of the accident on Saturday, said the license was issued to a man living in Dwight, Ill.

Minor injuries were suffered by three occupants of an auto that was struck in the rear by another car at a stop sign on Route 35 at Route 111 on Friday. The driver of the second car, John M. Henry, 39, of Chicago, was not hurt.

### Trailer Overturns

Two persons suffered minor injuries when a trailer broke loose from its cab and overturned, causing damage to an auto and two pickup trucks on 20th street at Madison avenue Thursday afternoon.

A load of chunks of concrete and concrete blocks shifted in the trailer owned by the Paul Seebold Co. and driven by Gerald Ishum, 2250 Iowa street, who was making a right turn onto 20th street.

The trailer landed on its left side, throwing concrete onto a pickup truck owned by the M. H. Wolfe Co. and driven by Carl L. Coleman, 36, of Edwardsville. It forced the pickup truck to slide into another pickup truck driven by William Baggett, 3000 Palmer avenue, which in turn struck a Southwestern Bell Telephone Co. auto driven by Giles E. Brown, Normandy, Mo.

Coleman and C. J. Wentzel, 54, of 1937 Grand avenue, a passenger in the pickup truck, were injured.

Mrs. Verlia Wilson, 33, of 2920 Faith avenue, was injured when her auto was involved in a collision with a post office mail truck driven by Barnett L. Greenman, 2307 August street, at 8:25 p.m. Thursday at 27th street and Madison avenue.

She was admitted to St. Elizabeth Hospital with injuries to her right hip and leg. X-rays were taken. Both drivers claimed the other ran a red traffic signal.

### Motorist Injured

Louis Vaughn, 32, of 3600 Edgewood drive was injured Friday afternoon when he swerved his auto onto railroad tracks to avoid a collision with another car at 16th street and Grand avenue. Police said Vaughn was going south on Grand, and the other car was being operated east by Everett Botten of Wood River.

## Sammy's Tavern, Rozycki Team Keep Bats Busy

Charlie Stephens and Rich Bledsoe each tripled and had 3-for-4 plate performances as Sammy's Tavern pounded Falstaff 10-9 on 20th in Open League A slow pitch at Wilson Park Thursday night. Bob Karandjoff and Virce Debove had triples for Sammy's while Charlie Sabo and Bill Curry had a triple and two singles each to lead Falstaff.

Rozycki Realty's 16-hit attack proved too much for Local 50, which lost 10-2. Ira Martin, with a double and triple, Dave Clatos, with a pair of doubles, and Larry Cooper, who tripled, led the Rozycki march. George Grimm's triple highlighted Local 50's seven-hit efforts.

Club Delmar, with Louis Goldsmith and Charles Miles smacking homers, outlast Mexican Hornary 11-9 but lost 8-3. Rich Smallwood, Phil Kinde, Bill Sego and Lyle Howell had two hits each for the winning Club Delmar crew.

Another team, outfit but victorious, was Polish Hall, which beat Liberty Home 5-1. Homers by Stan Wojcik and Frank Siodale and a triple by John Konkovich highlighted the winners' nine-hit attack. John Kipp's homer and doubles by Ray Jones and Decho Angeloff led Liberty Home.

Edwardsville Legion Team Beats Post 113

American Legion Post 113 fell at the hands of Edwardsville Post 199 Friday night by 4-1 count. Coach Bill Turpenoff's squad out-hit its hosts eight to three, but a lack of "click" with men on base proved decisive. Eleven base runners were stranded.

### Post 113 Leadoff Hitter Harold

Vick stroked two safeties. The only tally scored in the third inning when Larry Ripka singled. Larry Johnson walked and Fred Hoffman hit a line drive off the leftfield fence. Hoffman's hit was smashed so hard that it caromed back to the shallow outfield and he was held to a single.

### Mercer Juniors Win

Mercer's Juniors defeated Alton yesterday 4-2 in a Macopquin County Khoury League game halted by rain in the top of the sixth inning. Don Rains, the winning pitcher, allowed only two hits, one walk, and struck out eight in his five inning stint. Mercer put the game on ice with three runs in the third inning.

## Pioneer Cemetery, Over 100 Years Old to be Restored

A plan to put to public use some of the idle land owned in the Quad-City area by the East Side Levee and Sanitary district was announced today by William "Mike" Ebersold and Joseph Grant, Madison county members of the levee district board of trustees.

Under direction of Ernest Brown of Nameoki township, superintendent of levee board facilities in the Quad-City area, the program calls for building at least four park or recreational sites on land that is now covered with weeds or overgrown with brush in various parts of the area.

Ebersold, who also is city clerk in Venice, and Grant, said the work will be done without cost to the levee district through use of workers that will be obtained from the Youth Corps by application to the Office of Economic Opportunity. The two levee board trustees said application will be made immediately for seven workers from the Youth Corps and an increased number later on.

"We can use a hundred of them if we can get them," Ebersold said. He said application for the workers will be made through the recently opened OEC office in Venice.

Two Sites Specified  
"I don't see why some of this idle land should not be put to good use by opening it to the public as small park or recreational areas," Ebersold said. "It's not doing the levee board or anyone else any good so long as its covered with weeds and brush," he added.

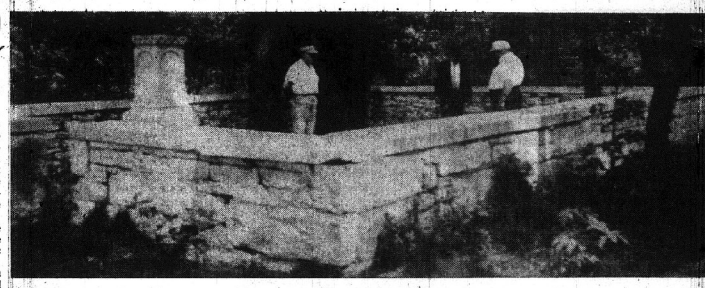

The two trustees already have designated two sites to be cleared and opened to public use.

One of these is the site of a pioneer cemetery in a wooded area about a mile and a half north of Rock Road near the old levee. One of the historical spots of the area, the cemetery includes a family plot for the family of William Atkins, whose six-foot-tall monument fixes the time of his birth at Jan. 27, 1795 and the time of his death at Feb. 3, 1872.

The Atkins plot is surrounded by a rectangular-shaped wall of hand-hewn limestone, apparently used in building the "fence." There are no nearby deposits of such stone.

Born in 1800  
Elizabeth Atkins, wife of William, is buried on the other side of the main family monument which gives her birth date as June 17, 1800, and the date of her death as Aug. 24, 1886. Three small markers are located inside the walled area. The weed-infested area outside the family plot is studded with small stone markers, none of them bearing inscriptions.

Ebersold and Grant explained that the area will be cleared of weeds, brush and railings and

**FAMILY CEMETERY** plot, fenced by a wall of hand-hewn limestone, dates back to early 1800s and contains the graves of William and Elizabeth Atkins. He was buried here in 1872 and Mrs. Atkins in 1886. Two large trees have grown out of the center of the plot. Levee district workers will restore and cleanup

area as one of four proposed park or recreational areas on levee-owned land in the Quad-City area. The cemetery, containing many small markers and tombstones, is in a wooded area in the Chouteau Slough area.

## Electrician Delegate

### Back from Washington

Willard Hicks, employed by the Emerson Electric Co. and vice-president of District 8 of an 11-state electricians union, returned from Washington after testifying before a Congressional committee concerning disputed sections of the Anti-Piracy Provision.

Mr. Hicks stated that after several months of debate in a select subcommittee for education and labor, headed by Congressman Elmer J. Holland, representative from Pennsylvania, the committee was sympathetic to his oppositional argument against certain loopholes in the Anti-Piracy Provision which allowed industry to take advantage of various situations relating to employer and employee.

A recent move of an electrician's company prompted his action, for the translocation of this company presented an unemployment problem to the original site area. Hicks argued that funds should not be allowed to be used for establishment of new facilities if this allocation of funds causes unemployment. The Department of Labor, however, stated that if there was less unemployment in total area, it would be permissible to use such funds.

Months of battle on this subject continued until the Department cited his reasoning as correct. In order to follow through with a change in the provision, the Department then said that Hicks must appropriately change the verbiage for the allocation of monies for any operation or operations removed from a given area.

He has released such a transcript, and an amending process to alleviate the present wording of the provision is now pending. Hicks stated, "I think we will be successful in our attempts this time."

The bride is the daughter of Mrs. Mary Beth Northrop of Northfield, Ill., and is a very Christ of Fort Lauderdale, Fla. The bridegroom's parents are Mr. and Mrs. Willard E. Hancock, No. 1 Frontenac drive.

Rev. Frank Pierce performed the double-ring ceremony at two o'clock, and a reception for more than 150 guests was held immediately afterward at the church.

A program of wedding music was provided by Mrs. Edna Hensley, organist, and Mrs. Robert Oberst, soloist, who sang "The Lord's Prayer," "I Love Thee Truly" and "Day is Dawning."

The former Miss Christ will be graduated this week from the University of Illinois with a bachelor of science degree in special education. She is a member of the Gamma Phi Beta Sorority.

Her husband, a 1961 graduate of Granite City high school, was graduated from the University of Illinois last February with a degree in accounting. While in college, he was a member of the ROTC and was commissioned a second lieutenant upon graduation. He entered the Air Force on March 21 and presently is attending a supply operation officers' training course at Amarillo Air Force Base, Tex.

The bride selected a full-length gown of pure white pearl de sole, embellished with delicate seed pearls and designed with oval neckline and elbow-length sleeves. The sheath-style skirt, applied with pearls, was enhanced with a full court train etched with pearl tracings in the same motif. A chapel veil of pure silk illusion was secured with a solid pearl pill box headpiece, and she carried a colonial bouquet of white roses and Stephanotis.

Mrs. Sandra Nicol of Urbana, the bride's sister, was matron of honor, with Miss Sally Eastland of Moline, Ill., a sorority sister, and Miss Betty Lybarger of Collinsville serving as bridesmaids.

The attendants were gowned alike in full-length apricot linen, trimmed with eyelet embroidery in the same shade. Fashioned in the A-line design, their dresses featured the high rise waistline and slender skirts. On their hair, they were matching apricot lace caps, encircled with tulle which terminated in a point at the back. Their flowers were yellow pom poms, interspersed with apricot ribbons, and trailing glass ivy.

The processional and recessional were played by Ronald Preloger at the organ, and the bride was escorted to the altar by her father who gave her in marriage. She wore an ivory-white frock of peau de sole and organza, festooned with an oversheer of re-embroidered lace with elbow-length sleeves. The short skirt was bell-shaped and shirred at the waistline, and a bouffant shoulder-length veil of illusion was secured to a double crown of tiny pearls and crystal beads.

The bride's bouquet consisted of a large purple orchid amid Stephanotis, attached to a white ribbon.

The matron of honor selected a sleeveless pink shantung dress made with a fitted bodice of pink tulle and a full skirt of white tulle. ## MORE ABOUT Heavy Demo

publican rural precincts an unknown factor.

The heavy Democratic balloting in the Quad-City area is anticipated because of three hotly-contested county races involving a challenge of candidates supported by the Madison-York Democratic organization headed by the city hall forces of Mayors Stephen Maeras and John E. Lee.

**Miss Holz Unopposed**  
Miss Holz, as a candidate for re-nomination as county clerk on the Democratic ballot is the only candidate at the county level without opposition. Organization candidates for sheriff, county treasurer and superintendent of schools are opposed.

State candidates on the Democratic ticket have no opposition, but there are three candidates seeking the two nominations for state representative in the 55th district which includes the Quad-Cities, and four candidates for three nominations in the 56th district.

Heading the democratic ballot is the candidacy of Paul H. Douglas for re-nomination as U. S. Senator to another six-year term. Douglas has been campaigning vigorously for a fourth term on the record of President Johnson's administration. Douglas has been unopposed on the Democratic ballot, but on the Republican side Charles H. Percy has nominal competition from two Chicagoans, Howard J. Doyle and Lar (America First) Delby. Douglas consistently has supported President Johnson's policies in the Vietnamese war and has described the necessity of U. S. participation in the war by comparing the situation as similar to that of Hitler Germany in the 1940's. Percy, on the other hand, has avoided a commitment to either escalation or withdrawal in the Vietnam conflict. He has, however, stepped up attacks on the objectives and frankness of the administration of the war.

**Stevenson-Rowe**  
Neither Adlai Stevenson III, nor Harris Rowe, candidates for Illinois state treasurer on the Democratic and Republican tickets, respectively, have opposition. Both will be elected by default and will fight it out on the general election ballot next November.

The race, however, pits two young Illinois legislators rich in the state's political tradition. Stevenson, 36, is the son of the late Illinois governor, Democratic presidential candidate and ambassador to the United Nations. His great grandfather was a vice-president and his grandfather was Illinois secretary of state.

Rowe, 42, is the son of Richard Yates Rowe, Illinois secretary of state in 1944, state treasurer in 1947 and gubernatorial candidate in 1952. Two of his ancestors served as Illinois governors. Richard Yates in 1915 and another Richard Yates in 1860.

The only state race on the Republican ballot is the election of the superintendent of public instruction in which incumbent Ray Page is opposed by Robert A. Campbell of Worth.

Democratic candidates for the superintendent's office is Donald M. Prince, 40, a professor of education and director of the Center for Educational Administration at Illinois State University at Normal. He is a resident of Bloomington and is unopposed.

On the GOP side, Page is bidding for his second year in office. Campbell, his opponent, is a political unknown and has done little campaigning. Page, 43, lives in Springfield. He is a resident of New Berlin schools and holds a bachelor's degree from Western Illinois University and a master's degree in educational administration from the University of Illinois.

Candidates for Congress from the 24th district are unopposed on either ticket. Incumbent Congressman Price, 61, of East St. Louis has been in Democratic politics since 1929 and has been re-elected Congressman every two years since the early 1940s. He is a ranking member of the Joint House-Senate Committee on Atomic Energy and the House Armed Services Committee and is considered one of the nation's top authorities on the use of atomic energy.

**Bidding for Congress**  
Seeking nomination on the Republican ticket is John S. Guthrie, a building contractor who is making his first bid for a major public office. He is a member of the O'Fallon Junior Chamber of Commerce. Guthrie also is a member of Belleville Carpenters Local 433.

There is no opposition to either the Democratic or Republican candidates for state central committee of the 24th Congressional District. The Democratic candidate is incumbent Committeeman Alvin G. Fields, mayor of East St. Louis. Incumbent Committeeman William D. Stiel is seeking re-election on the Republican ticket. Stiel is a Belleville attorney.

Robert M. Miller, Ralph L. Elliott and Nicolas Pourdas. Those running on the Republican ticket are Allan O. Claus, Samuel Blackford, John Jay Dick, Allen Tite, Ray Beggs and Doreen Young.

Paul Simon of Troy is the unopposed Democratic candidate for re-election as Illinois State Senator, while the Republican ticket has no candidate for this post. Simon, formerly representative of the old 47th senatorial district of Madison, Greene and Jersey counties. A veteran of 12 years in the Legislature, Simon has received the B. S. Legislation award from the Independent Voters of Illinois on six occasions, and has been honored by national magazines and the Better Government Association.

Two nominations for state representative of the 55th district are sought on the Democratic ticket by three candidates, while only two candidates seek the two nominations on the GOP ticket.

For State Representative Democratic candidates are Lloyd "Curly" Harris, 62, of Granite City, who is seeking his 16th consecutive term as state representative; Leland J. Kennedy of Alton, seeking re-election to his seventh term, and Sam Paul Drenovac who operates a restaurant and service station in the Mitchell area. Harris operates a real estate and insurance business, while Kennedy is an operating engineer.

On the Republican ballot state representative candidates include Ralph T. Smith of Alton, formerly of Granite City, seeking his seventh term as representative, and David D. Struharik, 25, a senior at Southern Illinois University.

County races on the Democratic ticket that are expected to attract the heaviest of Tuesday's balloting will be highlighted by the contest for sheriff in which George Musso, incumbent county treasurer, is the organization candidate. He is opposed by Louis F. Bowman of Alton, former captain and chief investigator in the office of Sheriff James Fraundorfer, and Frank Harris, a Granite City police officer on leave of absence for the campaign.

An equally heated contest has been waged in the race for county treasurer in which John Macdonald, administrative circuit clerk and brother of Madison Mayor Stephen Maeras, has the organization nod. He is opposed by Stephen B. Kennedy of Alton, a member of the county board for seven years. He is 59 and a retired Shell Oil Co. foreman. Also seeking the post is Pete Perica, a foreman at Owens-Illinois Glass Co. in Alton. He is a member of the county board and formerly an Alton alderman.

Major political issues have been involved in the remaining Democratic fight—that for county superintendent of schools. William R. L. Trimp, incumbent who formerly had Democratic organization support, is opposed by Russell G. Shaver, former assistant superintendent under Trimp.

**To Elect Committeemen**  
Each of the county's 184 precincts also will elect both Democratic and Republican precinct committeemen during the primary balloting. Committee contests have been widespread this year, particularly in the Democratic party in the Quad-City area. Granite City township has 14 committee races in its 32 precincts and Vandalia township has eleven precincts, has seven contests. There are five contested spots in Nameoki township's seven precincts and one contest in Chouteau, which has four precincts.

The multiplicity of ballots which involves distribution of a different Democratic and Republican ballot in seven different sections of the county will mean that the county clerk's office will handle separate tabulations on 14 different ballot listings, so that final counts for district, senatorial and representative candidates can be determined.

Redistricting which creates this situation placed some townships of the county in different districts with parts of other counties, creating newly aligned 23rd and 24th congressional districts, new 52d and 53d representative districts and new 62d and 53d senatorial districts, all containing a varying number of

**Report Break in Demo Ranks over Candidate Policy**

A break by some area Democratic precinct committeemen with top-echelon leaders of the Madison County Democratic Central Committee reportedly has developed over the committee's procedures in selecting candidates for contest in county and district elections.

Objection to the method of picking candidates who get the organizational nod in their campaigns for nomination is centered principally in Granite City and Alton, where some committeemen have pointed out that such candidates are picked by the county committee's executive board. Members of the board are appointed by Walter T. "Buck" Simmons, Venice, chairman of the county committee. Committeemen assert they have no say in selection of the board.

# State Auditor Reports Trimpe Books 'In Order'

John Kirby, audit director of the Illinois Superintendent of Instruction's office at Springfield, said today that the financial books of Madison County School Superintendent R. L. Trimpe "appear to be accurate, in order and without discrepancies."

Kirby told the Press-Record that Trimpe brought his books to him about a week ago for "an examination regarding any questions under the Illinois School Code." Kirby added also that he found Trimpe "has implemented every recommendation made in previous audits."

The auditor's statement followed the disclosure Friday that State's Attorney Joseph Bartyliak said he had complaints the institute money was being spent for hotel and restaurant bills and that Trimpe and Bartyliak are both Democrats, but Trimpe currently is opposed by the Democratic machine leaders who backed Bartyliak for state's attorney in 1964.

The organization also backed week, but in a statement sent to Trimpe in 1962.

"They dumped me this year," Trimpe said this morning. He described the investigation as a "cheap, last-minute political pay to exorbitant campaign funds."

Trimpe said when the matter first came up he went to political assessments.

# Shoots Gun in Venice

Jerry Guest, 39, of 45 Lee Wright Homes, was arrested about 1 a.m. Sunday at Weaver and Douglas streets on a charge of firing a gun, a 22 caliber revolver in the city limits. His hearing is set for June 22.

Bartyliak's office but was told the state's attorney was in the hospital.

"Bartyliak has not even seen my books," Trimpe said. He has let his high office be used for a cheap, last-minute political smear. If those wanting me investigated were sincere, they could wait until Wednesday (after the primary). If not, Bartyliak should have thrown them out of his office. He ought to be ashamed."

**33,355 Registered Voters in Quad-Cities**

Madison county has a total of 112,808 registered voters for tomorrow's primary election, including 33,355 in the Quad-Cities, according to the office of Miss Eulalia Hotz, county clerk.

The total county registration is 2428 less than the 1964 registration of 115,236. This year's lower registration figure results from the removal of more than 2000 names from the registration lists a year ago under election laws providing for such removal of registrants who fail to cast a ballot within a four-year period. ## The Tax Rate Story

# Butler Bills Tried But Failed to End Inequities

(Second of a series)

One of the most familiar names throughout Illinois governmental circles is Butler—former State Senator Walter Butler. More than 20 years ago, Butler headed a commission that developed major property assessment and tax rate legislation. Enacted into law, it has directly and indirectly effected the programs of municipalities, counties and other Illinois taxing agencies for more than two decades. This has placed it among the most discussed and discussed legislation in Illinois history.

As noted in the previous article, the commission was appointed in 1944 to investigate problems associated with widely varying county assessment rates.

The bills it drafted were presented to the General Assembly in 1945 session. There were three major categories:

**Full Assessment Specified**

1. First part of the Butler program set up a mandatory 100% assessment system for the state beginning Jan. 1, 1946.

This law (S. 1945, Ch. 1212) requires the Illinois Department of Revenue to assess all property assessable by it at 100% of full fair cash value.

It further requires the department to ascertain the assessment rates of locally assessed property in each county in the state, and then to certify a factor or multiplier to each county clerk by which he or she must multiply each local assessment in order to bring the county assessment ratio for that county up to 100%.

The law also provides that the full fair cash value of all property, after giving effect to equalization by the department as described above, shall be the assessment valuation for all purposes of taxation, limitation of indebtedness prescribed by the Illinois constitution or any statute.

**Rate Limit Cut in Half**

2. The second part of the Butler program was a series of more than 90 bills cutting down to existing tax rate limitation (other than any limitation relating to taxing bodies having a population of a half-million or more) applicable for 1946 and for subsequent years.

The corporate fund of downstate counties was cut from 25 cents to 12½ cents per \$100 assessed valuation, and the corporate fund of cities was cut from 66.6 cents to 33.3 cents.

The fluctuation of ratios of assessments to full fair cash value of property in the counties had been creating inequities in the amount of taxes levied.

**14½-60% Assessing Range**

Such inequities of ratio, could not be cured solely by a general 50% reduction in the maximum rates. In 1945, the rates varied from a low of 14½% to a high of 60% in counties throughout the state.

Taxpayers would be hurt counties that had ratios under 50%, and taxing bodies would be severely curtailed in counties that had ratios over 50%. In 1946, there were 98 counties with ratios below 50%; the other four had ratios over 50%. Department of Revenue surveys showed the county assessing precisely at 50% of value.

This part alone could not bring justice, a third part of the Butler program was passed. This consisted of Section 162a of the Revenue Act of Illinois, effective Jan. 1, 1946 (Illinois Revised Statutes, 1945, Chapter 120, Paragraph 62a, Section 162a).

**Transition Bill**

3. The third basic "Butler bill" referred to (S. B. 344, L. 1945, page 1229) has frequently been called the "transition bill" because it was to expire on Dec. 31, 1950.

This date was set because the legislature intended that local governments would adjust their rate limits up or down by referendum prior to 1951.

Under the provisions of original Section 162a of the Revenue Act of Illinois, effective Jan. 1, 1946 (Illinois Revised Statutes, 1945, Chapter 120, Paragraph 62a, Section 162a).

**Changes on Horizon**

This particular formula was complicated and is no longer in effect. While not justifying de-

tailed review in this series, it is mentioned because it helps paint the background picture for the assessment and tax rate question which is the subject of legislation in 1967.

Legislators disagreed widely as to its interpretation, and the Illinois Supreme Court construed the formula in 1947 in the case of Anderson vs. the city of Park Ridge, 396 Ill. 233.

In this decision, the court gave an interpretation that no one expected.

It was a decision generous to taxing bodies, and there was great clamor at the 1947 legislative session for senators and representatives to "put the lid" back on the taxing power of local governmental bodies.

**1947 Clarification**

As a result, the General Assembly clarified Section 162a in 1947 as follows:

1. The second part of the Butler program would be, until Dec. 31, 1952, restricted by the lower of two formulas.

The formulas were (A) the 1945 assessment ratio times the 1945 tax rate limit, or (B) the maximum possible tax in 1945 divided by the 1946 full fair cash value assessment, multiplied by 100%.

As it worked out, Formula A applied generally to the funds of local governmental bodies in Cook county, and Formula B to the funds of local governments in downstate counties.

Under Formula A, Cook county had a 1942 assessment ratio of 31%. Figuring the 66.6-cent maximum possible tax rate limit multiplication by 100% led to a new 22-cent rate limit.

Under Formula B, Sangamon county, for example, had a \$21,275 maximum possible tax (22 cents applied to \$85,800 valuation for 1945) and a 1946 assessment of \$133,700,000. Its rate limit shrunk to seven and a half cents.

**Not Overly Restrictive**

There were widespread conclusions, often repeated since then, that these two formulas were too restrictive and gave local governments less tax money than they had in 1945.

In 1945, the year previous to the effective date of the Butler legislation, Sangamon county effect had a corporate rate limit of only seven and a quarter cents (25 cents but with only 80% assessment); this rose in 1946 to seven and a half cents, with the assessment by then assumed to be 100%.

The formulas gave local government for these funds an increase in taxing power. In 1945, the rate was 5%, depending upon the formula factors. In addition, all such limits could be increased under the referendum provision of Section 162a.

Since the formula rate of 162a was to expire Dec. 31, 1952, and most local governments had not adjusted their rates by the election process, the General Assembly in 1949 set up a procedure to determine whether it could set maximum tax rates based on a formula, on a permanent basis, without any action on the part of the local-level governmental bodies.

**Test Case on Library Fund**

Legislators took one fund, the library building fund (Ch. 81, Par. 1, Sec. 18, Ill. Rev. Statutes, 1949) and stipulated that the assembly would set the rate limitation for the fund, based on a formula and on a permanent basis. The formula was the 1945 maximum ratio 1945 to 1946 assessment ratio times 110%.

The legislature hoped that just as the state supreme court would test the formula before 1951 so that it would have guidance at the 1951 session as to what had to be done with 162a.

The Illinois Supreme Court did test the "permanent" formula of the library building fund in the case of *Kenners vs. the city of West Chicago* (1950), 408 Ill. 546.

It ruled that the formula was unconstitutional because it was a violation of Section 22 of Article IV of the Illinois Constitution.

The court held that the library building fund formula was unconstitutional because it was a violation of Section 22 of Article IV of the Illinois Constitution.

## Competition for Several Key Offices In County Primary Election Tomorrow

With the Democratic party currently dominating Madison county elections and also offering intra-party competition for several offices, most of the attention of Quad-City voters will be centered on the Democratic ballot in tomorrow's primary.

Other than the party offices of representative committees, the only Republican candidates with opposition Tuesday are those running for United States senator, Illinois superintendent of public instruction and state representative. Charles H. Percy, senatorial candidate, a native Granite Cityan, far more qualified than his opponent, a 25-year-old SIU-SW student, though we applaud the young man's early interest in government.

On the Democratic side, Representatives Lloyd "Curly" Harris, Granite City, and Leland J. Kennedy, Alton, again are seeking re-election; their lone opponent has no experience in public office. Harris is one of the most influential state legislators and deserves strong local support on his record of long and effective service to the Quad-Cities and Illinois. Kennedy was a party to last year's East Side Levee Board snafu attempt at Springfield to restore non-refundable bonding power, but says he will know better the next time. We favor their re-election.

County Clerk Eulalia Hotz (D), Edwardsville, will gain re-nomination without opposition. Miss Hotz has held the position 24 years and members of the Hotz family have served as county clerk continuously since 1922. The office has been managed well during her tenure.

In 1945, the year previous to the effective date of the Butler legislation, Sangamon county effect had a corporate rate limit of only seven and a quarter cents (25 cents but with only 80% assessment); this rose in 1946 to seven and a half cents, with the assessment by then assumed to be 100%.

The Democratic ballot for county offices includes a slate of organization candidates, plus independent candidates. Without regard to such labels, the Press-Record expects support of candidates whom voters think can be expected to do the best job. Our preferences in the major races are given below.

**SCHOOL SUPERINTENDENT OF SCHOOLS**—Wilbur R. L. Trimpe, Bethalto, seeking a third term, is backed unanimously by the school district superintendents of Madison county for his ability and leadership. We concur.

**HIGH PRICES BETTER THAN DEPRESSION PRICES**

To the Editor:

I would like to write a few lines to the people who are complaining about high prices of food and everything.

Believe me, I would a lot rather have high prices and the money to pay for the things we want and need, than not have any work or money to pay for anything.

I remember 1929 and the early '30s when carrots, beets and other fresh vegetables were one cent for a bunch and we couldn't buy anything because there was no money and very little work for anyone. We went hungry a lot of days; this is from a mother who knows.

**ELECT TRIMPE TO KEEP SCHOOL QUALITY HIGH**

To the Editor:

June 14, the day of the primary or if it is to be held by election, will be a very important day for the voters of Madison county in seeing to it that the high quality of our schools shall be maintained.

Wilbur R. L. Trimpe, who has served the county well as superintendent of schools for the past seven years, will be on the Democratic ballot. He must win in free election. He must win in free election. He must win in free election.

It is unfortunate that a person the machine in the last election in this important position has to who isn't this time. Why? He runs under a political label, this is the way it is, it is up to this time. One of his opponents voters to make sure that the machine didn't want him.

Many important things in Frank Harris may be lost by letting down are going on. Chose-man some thought when you cast your vote for Wilbur R. L. Trimpe on the your vote. He's a swell all-around

He is credited by them with improving guidance services, establishing instructional workshops, spotlighting special education needs, launching psychological services, obtaining monthly tax distributions, developing helpful contact with the state office in implementing new state-federal programs, fostering regular contact between school leaders and legislators, and meeting with many religious, layman and educational groups to discuss and solve mutual educational problems.

Quad-City superintendents accord Trimpe an exceptionally high rating in performing the duties of his office and shouldering related tasks during a period in which nearly every phase of education has undergone growth and change.

Without reflecting on his opponent, Russell C. Shaver, it is fair to say that Trimpe is thus far better equipped to deal with the mushrooming educational challenges of the late-1960s. County political leaders withdrew their support due to his reported refusal to contribute a large sum in an election in which he was not a candidate; they now back Shaver, whom they opposed four years ago.

**SHERIFF**—We lean to George Musso, Edwardsville, now county treasurer, who has more experience directly related to the sheriff's office than the other candidates. Musso can handle the position for 14 years, he was able to improve the conduct of the office, aided by a strong state's attorney.

The office has been further upgraded by Sheriff Frandorf, who has endeavored to enforce the laws, seek civil service for deputies and expand police control and other activities through appointment and training of qualified special deputies. He has two county clerks, one in the office and one in the field.

**COUNTY TREASURER**—We favor John Maeras, a Madison police officer and circuit clerk office administrator who also has had experience as deputy police chief and as the treasurer of the Madison Mayor Stephen Maeras. Ambitious and, at 40, young enough to seek other offices in the future, he would have every incentive to operate the office efficiently and modernize its procedures.

Maeras' principal opponent, Stephen B. Kennedy, 59, Alton township supervisor and a veteran member of the County Board of Supervisors, has served on finance and other county committees. He proposes to stress investment of idle funds. Kennedy has been active in township supervisor, planning, senior citizen and economic opportunity organizations.

**No Reason for Further Delay in Revising Madison Tavern Hours**

The city of Madison after July 1 is due to be the only city in the bi-county area and the surrounding territory out of step with uniform tavern closing hours. East St. Louis council members adopted an ordinance Thursday ending "two hours" liquor sales effective next month.

Non-uniform tavern closing hours attract people who already have been drinking elsewhere, and create needless police and traffic problems. Undoubtedly, most Madison residents do not want to continue putting up with such conditions, especially now that East St. Louis is ending its all-night tavern hours.

Delay in the past has meant dropping of the uniform closing time proposal. Madison officials ought to act tomorrow night or June 28 to end existing problems that could make worse.

could make such an error as to say "former" principal instead of saying the man was still principal. I have heard many others say the man was still principal. I have heard many others say the man was still principal.

**GLAD FRONTAGE ROAD WILL BE PROVIDED**

To the Editor:

I am concerned about the problems the citizens faced on Denver and Cayuga, caused by the highway going through, not only because of the three young granddaughters who live on Denver, but also because I think everyone living in a city or community, should be concerned with others' problems too.

A city or community is just what people make it. All should be concerned with all problems facing others, whether we live in that part of town or not. We are entitled to our rights and privileges, and justice should be granted where it is due.

One other thing: Nameoki road has been a disaster to Granite City for a number of years, and I wonder how much longer it will be an eyesore.

Allow me to express my thanks to everyone who made it possible for getting the frontage road which was so important.

Also, thank you for your work in which nothing is possible. Mrs. EFFIE M. CRANE 2845 Washington avenue

**OPPOSES RE-ELECTING COUNTY SUPERINTENDENT**

To the Editor:

This is in reply to the letter in Thursday night's paper about the "unfortunate incident" concerning the assistant county superintendent of schools, Mr. Trimpe, who was paid for two jobs—the writer said it had all been corrected.

Could a question be asked: Why was a question asked? There were found out and the only thing they could do was return the money to the person who gave it. If they are supposed to be intelligent men, tell me how one

## The Law Serves You

# What's In a Name? It Depends

A rose, we are told, by another name would smell as sweet. In Illinois, the law of Illinois agrees with Shakespeare.

To paraphrase the Bard, Joe the grocer, by any other name is still the fellow who sells you groceries. The name has changed, but the man is the same.

A name is a symbol—a means of identification. So long as your intention is not to deceive, or to avoid your legal obligations, Illinois law provides a simple and speedy procedure for changing personal names.

**Filing of Petition**

The first step to acquiring a new name is simply to let the public know about it by publishing a notice in the local newspaper. Next, a petition asking for a change of name is filed with the circuit court.

No particular reason need be given for wanting to change your name; the fact that no one but yourself can spell the old name probably would be sufficient.

The next step is a decree by the court announcing the official change.

There is no law in Illinois prohibiting a person from changing his name several times, although eventually a judge might question his motive.

**Business Names**

In order to protect the public, the law is not so liberal with the use of names for business purposes. It is not to be confused with the confusion in the stores, all with a similar name in one town. The first to use a business name usually is protected by the courts.

Corporations in Illinois must identify themselves with the familiar "corporation," "incorporated" or "company" after their names.

Professional associations of doctors, dentists and other professional persons must include "association," "association" or "and associates" following the name or names under which they identify themselves with the public.

These are but a few of the Illinois laws governing the use of names. With all laws, their purpose is to protect the public—and that includes you.

## Nine-Year-Old Buys U. S. Savings Bond

Bobbie Thomson, nine-year-old son of Lt. Col. and Mrs. George Thomson, Granite City Army Depot, proves that one can never be too young to buy U. S. Savings Bonds. Bobbie put his money to good advantage after saving enough pennies, dimes and nickels.

Bobbie was one of the first persons on the Depot to buy a U. S. Savings Bond drive being conducted on the post.

When queried as to how he saved his money, Bobbie said that he earned it by raking the leaves, mowing the lawn and helping his mother with her chores such as washing dishes and making his bed.

Each time he earned any money, he put it in a paper can until he had enough to purchase a \$25 bond. This is the second bond he has purchased this way.

## Rotary to Fill Community Need with Horse Show Funds

A determined effort to secure a \$5000 electroencephalograph for the Quad-Cities community has the Granite City Rotary Club undertaking the largest project of the club's history, according to Edw. Meng, who is in charge of the fund-raising end.

The electroencephalograph is a complicated electrical machine designed to record brain waves to give an accurate picture of any brain disease or damage.

The machine is to be placed in St. Elizabeth Hospital here so it will not be necessary to send persons with head injuries to out-of-town hospitals on all occasions.

Support of the community is being sought by the club members in raising the \$5000 by attendance at the Rotary Club's horse show to be staged at the Tri-City Speedway near Mitchell on Aug. 26.

Meng pointed out that the Quad-City area with its many industries and thousands of children has a need for such a machine. "With this machine," he explained, "brain injury can be detected immediately after an accident, and with medical attention given quickly, serious trouble may be prevented."

The stainless steel instrument is compact and mobile, and a technician can learn its operation after about three months of on-the-job training. The local hospital present has four of its staff qualified to use the machine.

The procedure takes about 30 minutes to perform.

## Housing Funds Available For Rural Area Families

Illinois' limited income rural families stand a better chance of obtaining a better home by moving into new or improved housing due to the expanded real estate loan program of the federal government's Farmers Home Administration, according to Eldon B. Colegrove, who directs the state program through 36 field offices serving every county.

Colegrove said expanded funds are made possible through a new program in which private lenders advance funds needed to finance housing construction. Under this insured loan program, the federal government guarantees repayment of these funds.

"This expanded rural housing loan program is proving to be a major step toward giving rural people equality of opportunity to have a decent home," he added.

Families with weekly take home pay as small as \$45 can now obtain loans to improve their housing through construction of a new home, purchase of a previously occupied home or repair or remodeling of present dwelling.

Under the new insured program, housing loans can be made to families, with modest incomes who are unable to get credit elsewhere, at 9% interest with up to 33 years to repay.

Local offices of the Farmers Home Administration have a supply of basic housing plans for construction of low-cost housing. These plans are free for the asking.

Additional information about the insured housing loan program is available from Harold F. Kiepe, county supervisor, 415 East Main street, Belleville.

The date is to be set after Jack Clifford, county zoning administrator, contacts the municipal officials on the proposal. The support was proposed by the county board's new garbage, refuse disposal and sanitation committee. Clifford said federal aid will be sought to finance an engineering survey. He said the proposed ordinance would govern the operation of landfills and dumps in unincorporated areas of the county in cooperation with cities and villages.

"The sign, which measured six by six feet and was attached to a fence in the mayor's yard, advertised Bucherich's candidacy. 'Butch told me that he wanted to move the sign somewhere else, that was early when he removed it and didn't want to wake me,' the mayor said.

It's your responsibility to provide your community and your children with the best possible county government. Candidates for civic office should be elected primarily on their experience and qualifications, and not on the basis of how much they contribute to the party's fund. Some precinct committees have chosen the money angle as a guide to the qualifications of certain candidates. We would like to ask if this is the American way and who has the right to establish such a creed? Certainly not precinct committees. ## Miss Willoughby is Bride Of Alfred Lee Waller

The Bend Road Baptist Church was the scene of the wedding of Miss Edna Jo Ann Willoughby, daughter of Mr. and Mrs. George Billock, 604 Jefferson avenue, Venice, and Alfred Lee Waller, 2919 West 20th street, in a 5 p.m. ceremony Saturday.

The nuptials were performed by Rev. Lloyd Perrin before an altar adorned with two bouquets of white carnations. The bride was given in marriage by her stepfather.

Serving as the bride's honor attendant was Miss Patricia Jones, a sister of the bride, and the best man was Donald Bean, the groom's cousin. Larry Willoughby, a brother of the bride, and John Honeus were ushers.

The groom is the son of Mrs. Beulah Waller, Rolle, Mo. The bride, who carried a bouquet of white carnations with green leather fern and white satin loops in a cascade arrangement, was adorned in a floor-length gown. The silk organza bodice was of chantilly lace with a scalloped neckline outlined with pearls. The crystal sleeves were traditional.

The bouffant skirt featured a split overskirt outlined with a band of scalloped lace revealing an inside panel of silk organza with a scalloped band with a silk organza flat fabric bow in front. The back featured a wattle panel that continued into a cathedral train which was outlined.

## Miss Diana Ebling is Bride Of Airman Gary W. Swift

Miss Linda Ebling was the maid of honor, with Miss Deborah Willis and Miss Lucinda Ebling serving as junior bridesmaids. The little flower girls were Faye Annette Willis and Beth Ann Boyd. All the attendants are cousins of the bride.

The honor attendant and junior bridesmaids were gowned alike in full-length sleeveless dresses of pink satin, fashioned with scooped necklines and topped with white brief boleros. Red velvet inserts at the waist provided a pretty contrast and harmonized with their cascade bouquets of red roses and pink and white lilies.

The flower girls were dressed identically to the older attendants with the exception of their dresses being street-length. Red velvet inserts at the waist provided a pretty contrast and harmonized with their cascade bouquets of red roses and pink and white lilies.

## Andrews and Dutko Nuptials At Keesler AFB Chapel

An out-of-town wedding of interest locally was that yesterday afternoon of Miss Barbara Jo Dutko, a daughter of Mr. and Mrs. Kelly Dutko, 419a Madison avenue, Madison, and Airman Third-Class Terry Gene Andrews, a son of Mr. and Mrs. Leonard Andrews, 1601 Market street, Madison.

The four o'clock double-ring ceremony took place at Keesler Air Force Base Chapel, Biloxi, Miss., where the bridegroom presently is attending an electronics school. About 40 relatives and friends from the Quad-Cities motored to Biloxi for the wedding.

Altar bouquets of white gladioli and pompons adorned the sanctuary, and the Keesler Chapel Choir furnished the wedding music. Response were sung by Mr. and Mrs. John Dutko, an aunt and uncle of the bride.

Immediately following the ceremony, a dinner and reception were given in the banquet room of the Biloxi Holiday Inn, with Miss Carla Sue Dutko, the bride's sister, presiding at the guest book.

Members of the wedding party of out-of-town guests also were entertained by the parents of the bride and groom at a rehearsal dinner Saturday evening, with the groom later adjourning to the Airman's Club on the base for an evening of dancing.

The former Miss Dutko was given in marriage by her father. She chose a floor-length gown of candlelight re-embroidered Alencon lace on French net, over pearl and seed pearls and iridescent crystals embellished the bodice, designed with an asymmetrical neckline and tapered sleeves, ending in points over the hands. Lace appliques detailed the slender bell-shaped skirt, and the sole added interest to the hemline. Encircling the waist was a cummerbund of peau de soie, with a silk rose and bow caught at the high rise waist, accenting the full Watteau train.

A veil of imported French silk illusion was attached to a crown of matching lace, traced with pearls; and she carried a cascade of white roses, surrounding a detachable white orchid.

Mrs. Terry Dutko, a cousin of the bride, was the matron of honor, with Miss Emily Taffant and Miss Marylee Svevia as bridesmaids. Miss Carla Dutko was the junior bridesmaid.

All the attendants were identically attired in beige cotton lace over citrus-line green linen. The sleeveless bodices were trimmed with bands and bows of lace at the front waist, while two deep asymmetrical ruffles near the hemline similarly accented. Clusters of silk organza roses and petals traced with tiny seed pearls formed their headpieces, attached with layers of citrus maline and nose-tie veils.

Their flowers were cascades of white carnations tipped in lime green and festooned with white and lime satin ribbons.

For her daughter's wedding, Mrs. Dutko selected a pale pink sheath dress, the skirt accented with rolls of scalloped French lace, while the bridegroom's mother chose a mint green sheath, covered with white lace and designed with a self-fabric cummerbund and small bow. Both mothers wore complimentary accessories and had corsages of white roses.

Terry Dutko, a cousin of the bride, served Mr. Andrews as best man, while the groomsmen were Carl Jordan and Thomas Theobald. Airman Third-Class James Abel, who is attending the same school as the bridegroom, served as usher.

A graduate of Madison high school, the bride was employed at the Granite City Army Depot prior to her marriage. Her husband also is a Madison high school graduate, attended Southern Illinois University for two years before enlisting in the Air Force.

## MORE ABOUT City Budget

A request for hiring five additional policemen, but by eliminating the 1966-67 possibility of building a new fire station in the Nameoki area, a \$10,000 item, it was decided to hire one additional fireman with the hope to build up an inspection department within the department and work toward the lowering of insurance rates. The fire department now has 38 men.

The fire department also has \$30,000 in its budget for a new fire truck in addition to the ladder truck scheduled for delivery this year. The ladder truck is being purchased with funds provided by Granite City Steel Co. in exchange for the "behind-the-mill" area streets.

Veteran observers noted the zeal with which the aldermen went after the special projects for 1966-67, pointing out an aldermanic election is to be held next April.

### Special Projects

Among the special projects approved Friday night were a \$18,000 drainage project for Clark avenue; \$400 drainage project for Lynch avenue; \$960 drainage project for Idaho and Troy avenue; \$5500 drainage project for Primrose avenue and \$2500 drainage project at Pontoon and Johnson roads.

Projects for resurfacing of concrete streets with asphalt with city funds, since the city's motor fuel tax funds are virtually depleted, include—

Niedringhaus avenue in Lincoln Place, \$11,580; Missouri avenue for its full length, \$15,250; two blocks of Spruce street, \$7,915; 26th street from Madison to Grand avenue, \$1960; State street from 24th to 26th street, \$9195; and held in abeyance was

Summer camp, training, finance, recruiting and advancement plans were made by the Unihav Boy Scout district committee during its June meeting Thursday at the Orbe Bowl restaurant. Chairman Edward Applegate presided.

Other major resurfacing projects approved for St. Clair avenue from Jill to Willow avenue with installation of needed curbs, \$16,000, and Washington avenue from 27th street to Nameoki road, \$17,150.

Curb and gutter projects in various sections of the city amount to \$10,850, and new sidewalk construction amounts to \$24,510.

A breakdown of the budget as proposed to date, showing departmental figures first with a comparison figure of last year's expenditures follows:

General government — \$93,712 and \$96,441; firemen pension, \$45,000 and \$37,462; police department, \$335,572 and \$315,305; fire department, \$329,265 and \$288,186; fire hydrant rental, \$20,000 and \$17,000; street lighting, \$34,000 and \$22,845; retirement fund, \$38,000 and \$36,634; garbage collection, \$140,270 and \$150,905; election, \$5,000 and \$601; dog catching, \$12,500 and \$12,132.

Interest and judgment, \$15,100 and \$19,396; pumping station, \$6,000 and \$5,048; school crossing guards, \$15,000 and \$14,044; various city improvements, \$163,065 and \$48,281; inspection department, \$26,830 and \$28,505; parking meter, \$40,500 and \$38,946; police pensions, \$45,000 and \$56,820; tax commissions fund, \$2,485 and \$10,542; civil defense, \$13,000 and \$7,036; maintenance of sewers, \$23,030 and \$80,000.

## Voters Urged to Take 'Pink Cards' to Polls

Voters were urged today by Miss Eulalia Hoz, county clerk, to take voters certificate of identification (a pink card) to the polls in tomorrow's primary election. She said this is necessary in the event a voter's permanent registration record has been erroneously filed in the wrong precinct binder.

She said persons who have moved from one address to another in the same precinct within two years prior to the primary date, may vote by completing an affidavit, furnished at the polls, and relinquishing the pink card, which must be attached to the affidavit.

Persons who have moved from one precinct to another and who failed to report the address change before May 16 "have disfranchised themselves and cannot vote in this primary," Miss Hoz said.
